**State Environmental Quality Review  
Determination of Type II Action and  
Negative Declaration regarding the  
New York Rising Storm and Sanitary Separation Project**

**Project Number:** None

**Date:** February 18, 2015

This Notice is issued pursuant to Part 617 of the implementing regulations pertaining to Article 8 (State Environmental Quality Review Act) of the Environmental Conservation Law.

The City of Binghamton City Council has determined that the proposed action described below is a Type II action based on §617.5 Type II C (1) maintenance or repair involving no substantial changes in an existing structure or facility, (2) replacement, rehabilitation or reconstruction of a structure or facility, in kind, on the same site, including upgrading buildings to meet building or fire codes, unless such action meets or exceeds any of the thresholds in section 617.4 of this Part, (4) repaving of existing highways not involving the addition of new travel lanes, (5) street openings and right-of-way openings for the purpose of repair or maintenance of existing utility facilities, (11) extension of utility distribution facilities, including gas, electric, telephone, cable, water and sewer connections to render service in approved subdivisions or in connection with any action on this list and (15) minor temporary uses of land having negligible or no permanent impact on the environment; and no further environmental review is necessary.

Excepting therefrom the New York Rising Storm and Sanitary Separation Project. This is an unlisted action. The purpose of this project is to provide storm and sanitary separation as part of the Front Street Gateway Project. It has been approved by NYS Department of Transportation and FHA. There is no indication of any potential negative environmental impacts. To the contrary, the project will provide for improved sewer service and flood mitigation.

**Name of Action:** An ordinance authorizing issuance of \$14,463,150 serial bonds to finance 2015 capital projects. Except as noted above, the projects are for replacement, rehabilitation or reconstruction of existing structures or facilities, repaving of existing highways not involving the addition of new travel lanes, and street openings and right-of-way openings for the purpose of repair or maintenance of existing utility facilities, and various equipment needs.
